Dear Sir/Madam,

My name is Alfi Filsafalasafi, and I am writing to express my interest in the Web Developer position at CV. Profdesain Kreatif Media.

I am a graduate of Informatics Engineering Education from Universitas Negeri Malang, with a focus on mobile, website and desktop application development. I have experience using PHP Laravel, Flutter, and VB.net. I have developed various applications, including some highly complex ones. Among these projects is the MELASTI website, used for data management at the PUPR Bali Coastal Office, and the Menara Unisma application, a superapp used at Unisma Malang. These projects have honed my skills in user interface design, application performance optimization, teamwork, and project management. You can view more of my projects at this link <https://alfi-filsafalasafi.github.io/My/>.

I am interested in joining CV. Profdesain Kreatif Media because of its reputation for innovation and contribution to the information technology industry. I am confident that the Web Developer position aligns with my interests and skills. I look forward to contributing to supporting, maintaining, and developing IT systems in this company.
